## ***Hector Acevedo Biography***

Born in Lima, 1963.

Peruvian artist Hector Acevedo studied drawing and painting at the Advanced Autonomous School of Fine Arts (Escuela Nacional Superior Autónoma de Bellas Artes del Peru - ENS-ABAP), Peru. At the same time, he continued his civil engineering studies at the National University of Engineering, Lima, Peru. Both majors involved a particular set of skills that helped Hector to shape his life perspective as a future artist. Between the demands of engineering studies and his passionate commitment to art, Hector chose to work in the field of plastic arts, where he found his true satisfaction.
